

LOOMIS TOWN CENTER IMPLEMENTATION PLAN COMMUNITY WORKSHOP

The Town of Loomis is updating the conceptual designs developed as part of the Loomis Town Center Implementation Plan. The project limits extend on Taylor Road from Oak Street to Horseshoe Bar Road. The goal is to meet with the community to obtain input and concurrence on the proposed improvements.

This first workshop will give you an opportunity to share your ideas and help the Town of Loomis gain a better understanding of the community's needs and interests.

Please join us for our Community Workshop.

***Wednesday, June 18th, 7:00 – 9:00pm
Loomis Depot Building
5775 Horseshoe Bar Road
Loomis, CA, 95650***
